Preface 3

Introduction 6

Away with technocratic thinking 6
 What is natural church development? 8
 Discovering the "biotic potential" 10
 The "all-by-itself" principle 12

Part 1: Eight quality characteristics 15

Demythologizing church growth 16
 The international research project 18
 Is "growth" the appropriate criterion? 20
 Quality characteristic 1: Empowering leadership 22
 Quality characteristic 2: Gift-oriented ministry 24
 Quality characteristic 3: Passionate spirituality 26
 Quality characteristic 4: Functional structures 28
 Quality characteristic 5: Inspiring worship service 30
 Quality characteristic 6: Holistic small groups 32
 Quality characteristic 7: Need-oriented evangelism 34
 Quality characteristic 8: Loving relationships 36
 No quality characteristic may be missing 38
 The "65 hypothesis" 40
 The qualitative approach 42
 Why quantitative growth goals are inadequate 44
 Are large churches "good" churches? 46

Part 2: The minimum factor 49

Focusing our energies 50
 The minimum barrel 52
 Parallels from agriculture 54
 Minimum or maximum factor? 56
 Beware of "models"! 58

Part 3: Six biotic principles 61

Technocratic or biotic? 62
 Why technocracy doesn't work 64
 Principle 1: Interdependence 66
 Principle 2: Multiplication 68
 Principle 3: Energy transformation 70
 Principle 4: Multi-usage 72
 Principle 5: Symbiosis 74
 Principle 6: Functionality 76
 Biotic = the opposite of the usual 78
 Learning to think biotically 80

Part 4: A new paradigm 83

Bipolarity in the Bible 84
 Dangers to the right and to the left 86
 The technocratic paradigm 88
 The spiritualistic paradigm 90
 The effect of wrong paradigms 92
 Theological consequences 94
 What does this mean practically? 96
 Can we "make" a church grow? 98
 Pragmatism's dead end 100

Part 5: Ten action steps 103

How to develop your own program 104
 Step 1: Build spiritual momentum 106
 Step 2: Determine your minimum factors 108
 Step 3: Set qualitative goals 110
 Step 4: Identify obstacles 112
 Step 5: Apply biotic principles 114
 Step 6: Exercise your strengths 116
 Step 7: Utilize NCD tools 118
 Step 8: Monitor effectiveness 120
 Step 9: Address your new minimum factors 122
 Step 10: Multiply your church 124

Epilogue: Church growth in the power of the Holy Spirit 126
 The next steps 128
