Mission India Bible Institute Nagpur, India

*Bringing Hope for the
one billion people of India*

When Saji Lukos became a Christian at 20, his father said, "You are no longer my son." Saji responded, "You can kill me, but I won't give up my faith." This same tenacity characterizes Saji today.

Lukos has a Master's Degree in Business and received his MDiv from Trinity Evangelical Divinity School. Saji's plan was to teach missions in a US seminary. However, God showed Saji that he could make a greater impact for Christ and His kingdom by ministering in India. "The world passes away and the lust of it; but he who does the will of God abides forever" (1 John 2:17).

"You are no longer my son!"

Lukos returned to India and spent 6 months exploring the entire land. God broke his heart for the people. "I have great sorrow and unceasing anguish in my heart, for I could wish that I myself were accursed and cut off from Christ for the sake of my brethren, my kinsmen" (Romans 9:2-3).

In 1993, he returned to the United States and formed a faith mission to reach India. Twelve people with pastoral, missionary, and business backgrounds would serve on Reaching Indians Ministries International (RIMI) Board to approve all mission projects and expenditures. Mission India, as the ministry in India, is located in Nagpur, a city in one of the poorest regions and in

the geographical center of India. From this location, Mission India has a training center, and compassion ministry to train and equip church planters to reach all the states of India.

Mission India desires to minister to the entire person. In 1996, they began their Compassion Ministry and opened the first Mercy Home, ministering to orphans and children from families too poor to care for them. The children live at the Mercy Home, attend school, and learn about Jesus Christ.

Today Lukos has a team of Indian Missionaries in Nagpur working with him to reach India with the various ministries. Saji Lukos spends part of his time in the United States raising funds to support the ministry in India. While in India, he visits the churches, encourages the pastors, and further expands the ministry.

Today, the special calling to serve fellow Indians which God gave to Saji Lukos, is still alive and expanding!

Mercy Homes - There are currently 4 in 2 states of India that house orphans and poor children ages 3 to 15.

Schools - Provide schools for children.

Empowerment - Provide motor scooters, sewing machines, scholarships, etc. to help pastors perform their work.

Tailoring School - teach pastors a trade so they can help support themselves.

Publications - there is an office in Kerala, South India.

"Mission India Voice" - a quarterly publication

Christian Tribune - a Christian newspaper published once a month.

Church Planting - This is the main function of the ministry and 60% of the funds go toward this.

There are currently 225 national missionaries serving the unreached of India; planted 20 house churches with eight of those having a church building; baptized about 250 converts and established 100 home cell groups.

Training Centers - Mission India Bible Institute in Nagpur trains and emboldens men and women for the church planting ministry.

Mission India currently has a Discipleship Center and one being planned currently in Sambal Pur, Orissa.

Scale model of the new campus for Mission India Bible Institute in Nagpur, India

Training church planters & pastors to reach India with the gospel

Administration Building #1

Purpose of Facility

This facility will house the administrative offices of the various groups on campus. This is headquarters of Mission India and RIMI. Evangelizing, teaching, equipping and discipling outreaches to bring the gospel to all of India will be administered from here.

\$116,759

Chapel Building #4

Purpose of Facility

The chapel will be the visual and symbolic center of the campus. It is located in the center of the campus academic precinct and will be the dominate tall building identifying the MIBI campus. The design of the chapel is developed around a cruciform plan. It is designed to seat a total of 500 on the main floor and the wrap-around balcony. It is a facility that is designed to draw all to the worship and praise of God. It is also designed to facilitate spoken instruction and learning.

\$287,324

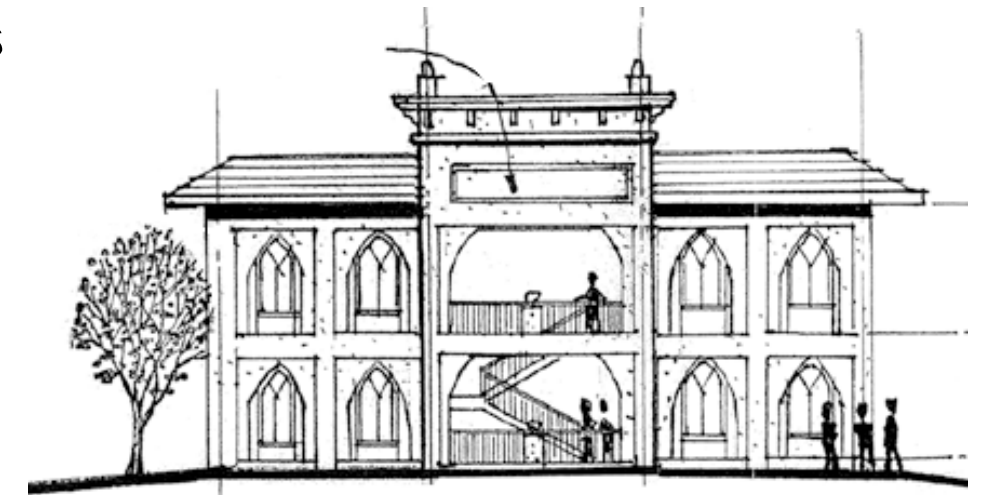

Museum of Missions

Building #10

Purpose of Facility

To provide a dynamic missions vision, information, and challenge for Christians in all parts of India, especially the young people, by presenting the history of Indian Christian missions through various exhibits and multimedia presentation.

\$268,000

EAST ELEVATION

Evangelizing • Teaching • Equipping • Discipling

Pavilion

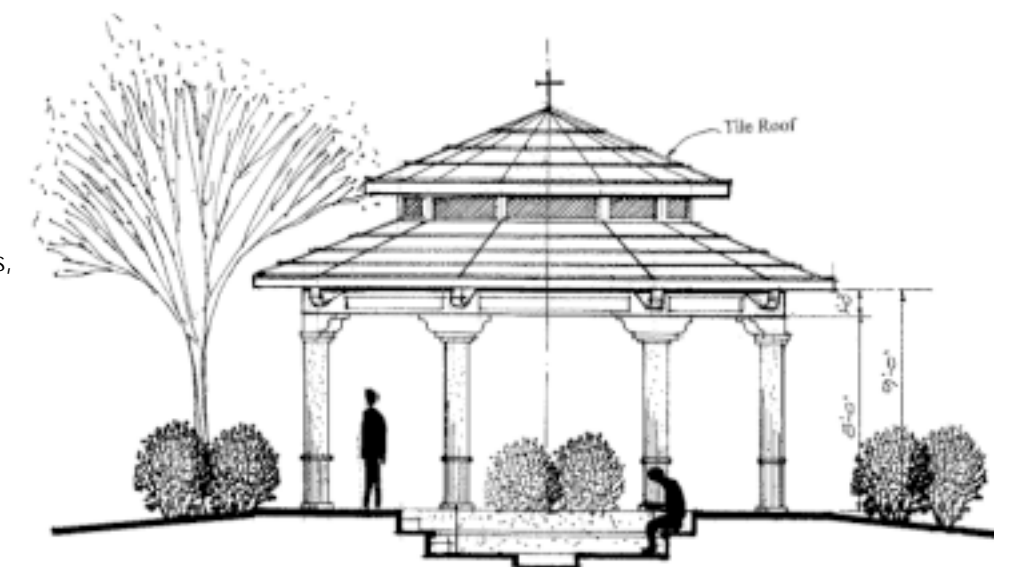

Building #19

Purpose of Facility

These 8 interactive pavilions will provide a campus-wide opportunity to gather for prayer, personal study, privacy, group activities, spontaneous events, family occasions, outdoor class, open-fire dinner, and much more. A surrounding area of fieldstone paving surrounds each pavilion.

\$4,500 each

All Eight Pavilions:
\$36,000

SECTION THRU PAVILION

Special facilities for students, staff & guests of MIBI

Prayer Tower Building #17

Purpose of Facility

The prayer tower is the symbolic expression of the work of the campus, with its visual emphasis on prayer and the Word of God. This is accomplished by a dedicated elevated prayer room, and a large open Bible sculpture structure. It is located on the axis of the entry road of the campus.

\$22,753

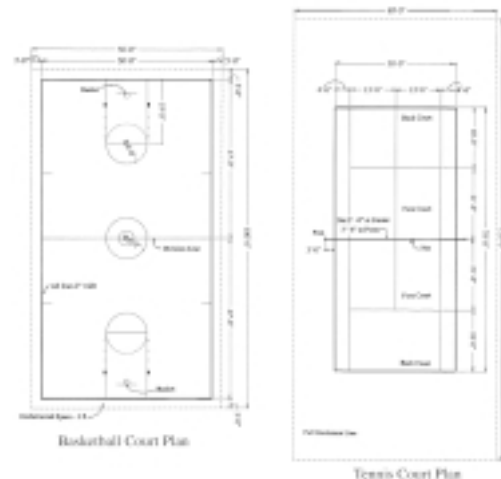

Sports Courts Building #18

Purpose of Facility

The purpose of this outdoor area is to provide group recreation opportunities on the campus of MIBI. These various court-related activities will provide outlet for physical activities, social interaction, and fellowship.

\$30,000

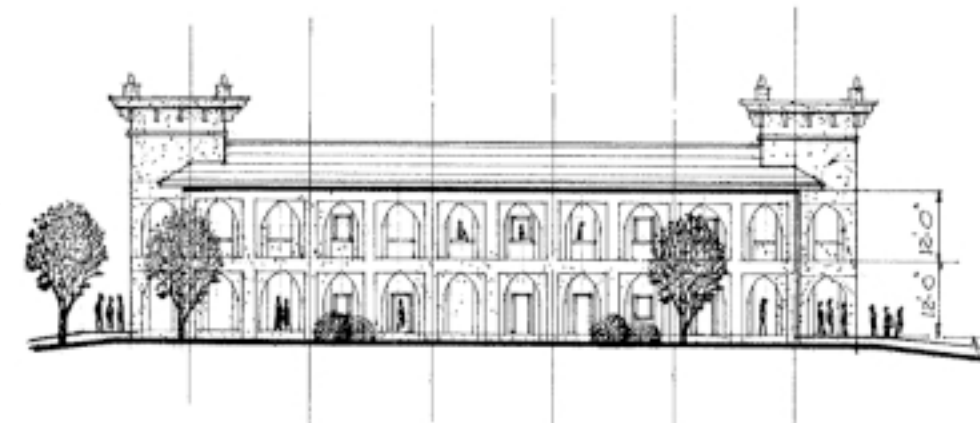

Education Facility

Building #2

Purpose of Facility

This building will provide classrooms for MIBI one-year students, degree students and advanced-degree students. The facility will provide the learning environment for preparing students in the word of God and equipping them for key ministry throughout all India.

\$199,633

SOUTH ELEVATION

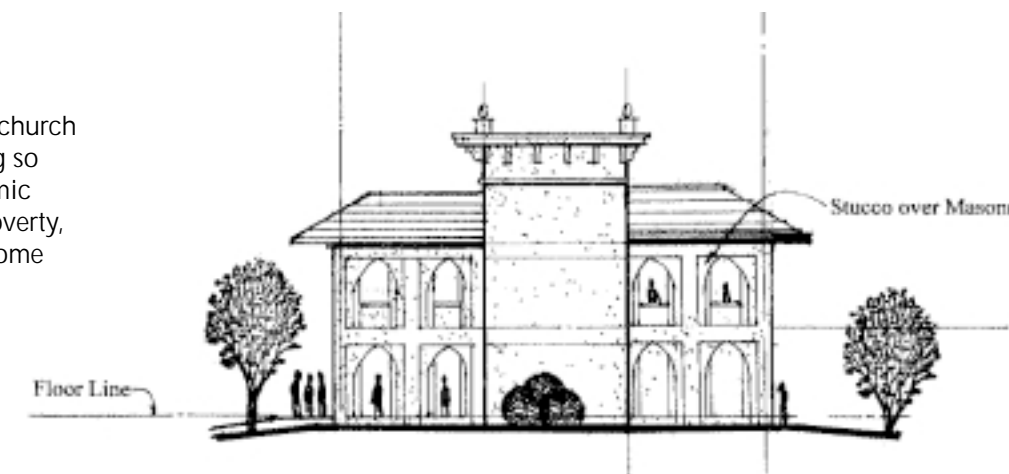

Technical Facility

Building #13

Purpose of Facility

The purpose of this facility is to provide church planters with technical skills and training so that they will become part of the economic development of the villages to relieve poverty, and ultimately enable the church to become self-supporting in its operation.

\$165,252

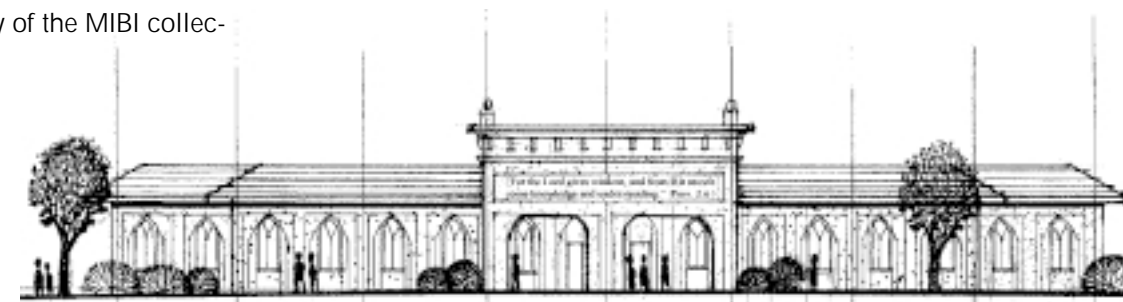

Library Facility

Building #3

Purpose of Facility

The library will be the repository of the MIBI collection of books and media used in teaching the Word of God and training MIBI students to be effective missionaries to the people of all India.

\$120,237
